Subject: Announcement of Michele MacKenzie

I am pleased to announce that effective October 16, 2011, **Michele MacKenzie**, HR Director Safeway.com has been placed as the Director, IT HR Business Services, reporting to me.

Michele began at Safeway in 2000 as an HRD Representative in the Portland Division, and moved quickly to an advisor role which supported over 24 stores and 1500 employees. In August 2002, Michele was promoted to Manager, HR Development, and led all training functions for the Portland Division for the next 7 years. In 2009, Michele moved to Northern California after her promotion to HR Director for Safeway.com.

Prior to joining Safeway, Michele held various management positions during her 12 years at Mervyn's including Store Manager. Michele has a Bachelors of Science Degree from Oregon State University, and passed her SPHR certification in 2009.

Given Michele's diverse experience in human resources and operations management, I know Michele will have much to offer her new IT client group.

Please join me in congratulating Michele on her well-deserved new assignment.
