Subject: Announcement of Maria Groezinger

I am pleased to announce that Maria Groezinger has been promoted to Director, Pharmacy Administration and Compliance.

Maria brings a unique skill set to the team with her extensive 27 year career at Safeway. She has held various backstage positions in multiple capacities and has continued to advance her career.

Maria's career originally began at Pak N Save Foods, in our retail stores; she then joined Safeway's Electronic Data team in 2000. In 2004, she moved to Corporate Meat & Seafood as a Category Analyst. She was promoted to Supply Chain Manager in 2005.

Maria played lead roles in key projects such as: Electronic Funds Transfer, Supply Chain Data Visibility, CA Tobacco Initiative, Safeway Supplier Handbook, and many others.

In her new role, she will be managing the design and implementation of our compliance framework as we move forward with our Pharmacy, Health & Wellness initiatives.

Maria has 3 daughters, enjoys arts and crafts in her spare time, and loves her schnauzer named Porkchop.

Please join me in congratulating Maria on her well deserved promotion!
