Subject: **Announcement of Duane Macey**

I'm pleased to announce the promotion of Duane Macey to Vice President, Info Technology (Enterprise Architecture). Recently, Duane has been the Group Director of the Architecture Group where he has provided leadership in centralizing the Architecture function and providing consistency in Safeway's enterprise technical direction and standards. With this promotion, Duane becomes the Chief Technology Architect for Safeway.

Duane started his career with Safeway in 1990 as a Retail Systems developer and worked on several projects including the SIMS rollout in design, development and architecture roles. He began his management career as the Project Manager of the retail team for the Vons acquisition. Duane was promoted to Director, Application Development in 2002 where he lead the Vancouver based development organization and then the enterprise Application Development organization. He held various positions as a Director until his promotion to Group Director, IT Architecture in 2009.

Duane holds a Bachelor of Science in Computer Science – Honours Program from the University of British Columbia.

Please join me in congratulating Duane on his well deserved promotion.
